Another district in the Red Cross fund drive has topped its quota before completion of canvassing there, it was announced today by Campaign Chairman George W. Naugle.

District No. 9, where Mrs. Charles Bollinger is chairman, has turned in \$459.25 so far and Mrs. Bollinger said more contributions will be forthcoming from her "north of Gettysburg" territory. The district quota was \$425.

The fund total reached the \$8,000 mark today, almost halfway to its \$16,799 goal. The extended Red Cross drive is scheduled to end this week.

Urges "Extra Effort"

The Red Cross announced today that the Gettysburg chapter of the Daughters of the American Revolution added a \$5 donation to its previous \$10 contribution to help the Red Cross chapter meet the extra \$2,799 quota added to provide funds for flood disaster relief.

A special message to the county chapter from National Red Cross President Ellsworth Bunker said: "Added strain on Red Cross finances by midwest tornadoes makes it urgent that all chapters make extra effort to raise campaign goal. We are counting on your chapter to continue campaign until maximum results achieved."

The New Chester area has turned in \$135 and the report may be complete, Mrs. Herbert Zepp, chairman, said.

Recent fund donations acknowledged by the Red Cross included these: Lippy's Men's Wear, \$25; Britcher and Bender, \$25; H. and H. Machine Shop, \$15, and \$10 from each of the following: Albert J. Lentz post of the American Legion, Blocher's, James Gettys Hotel, The Shoe Box and the Farm Bureau.

ELECT SCHARF AS TREASURER

Henry M. Scharf, president and manager of Hotel Gettysburg, was elected treasurer of the Penn-Harris Hotel Company, Harrisburg, at a meeting of the directors Tuesday.

In the treasurer's report he succeeds Mark W. Sweger who was elected vice president and general manager of the Penn-Harris. Active management of the hotel will be in Sweger's hand, with Benjamin J. Keil, manager of the hotel.

The Penn-Harris company will continue to be headed by Franklin Moore as president and managing director. Moore, who is president of the Inter-American Hotel Association, left Harrisburg with Mrs. Moore following the meeting for a six weeks tour of South America where he will confer with government officials and industry leaders about Inter-American travel and hotel matters.

Moore and Keil are well known in Gettysburg as past presidents of Zemo Temple. Moore has frequently addressed Gettysburg meetings and was the recipient of an honorary degree from Gettysburg College several years ago. Sweger joined the Penn-Harris in 1934 as a multigraph operator. He became comptroller in 1944, was elected a director and treasurer of the company in 1954.

Scharf has been a director and vice president of the company since 1944.

For the first three months of the year there have been 282 births and 59 deaths, comparing to 277 births and 50 deaths for the first three months of 1955. In March, 1955, there were 101 births and 14 deaths.

All of the births last month occurred in Gettysburg, 51 males and 46 females. Of the deaths 14 were in Gettysburg, seven males and seven females. There was one male and four female deaths in Cumberland Twp., and one male death in Straban Twp. Neither deaths nor births were reported from Freedom and Highland Twps., the two other sections of the Gettysburg district.

EAST BERLIN'S SCHOOL BOARD REJECTS PLAN

East Berlin school board members Tuesday night decided against entering their district in the Bermudian Springs Joint School System, because the proposed "Administrative Unit No. 2" set up in the county plan for school development would be "too small," they said.

The decision was reached at a meeting of the Bermudian Springs Joint Board at York Springs High School at which, in a four-hour session, the board members went over the facts and figures pertaining to the proposed "Administrative Unit No. 2" which would embrace what is now the North Adams Joint School System and much of what is now the Conewago Joint School System.

Bond counsel and other financial experts were present to give the cost of constructing proposed elementary centers at East Berlin and York Springs and a secondary school near the center of the proposed joint school system.

Plans Remain Uncertain

The Bermudian Springs Joint System, which is scheduled to begin operation of schools July 1, consists of what is now the North Adams Joint School District, plus the Reading Twp. District, which is a member of the Conewago Joint School System.

Decision of the East Berlin board Tuesday night to continue as it is indicates that the North Adams and Conewago districts will possibly both continue just as they are for another year. The Bermudian Springs system has received approval from the state for construction of an elementary school in Reading Twp. but further action on that proposed school had been held up pending the possibility East Berlin would join the system and elementary facilities would be provided at East Berlin. No decision was made Tuesday night concerning the proposed elementary school in Reading Twp., and school officials believe that such a school could scarcely be constructed in time for use next fall even if the joint district decided to go ahead now with the planned structure.

Joseph Stoner, East Berlin R. D. president of the Bermudian Springs System, presided. County Superintendent of Schools H. Edgar Riegle outlined the proposed "Administrative Unit No. 2" plan as set up by the county board and told of the number of children that could be expected to attend school in the district by 1960.

Members of the East Berlin board present included William J. Hildebrand, Richard O. Riggs, Charles C. Baker and Paul J. Lerew.

AWARDS GIVEN AT TWO-COUNTY FFA BANQUET

Glenn Herr, Gettysburg R. 5, was presented with a check for \$175 at the annual Adams-Franklin counties Area Future Farmers of America banquet at New Oxford Tuesday night as a consolation award for having qualified for the American Farmer Degree, but not being one chosen to receive it.

In presenting the award, Richard C. Lighter, supervisor of agricultural education for the two counties, explained that 22 Pennsylvania youths had all qualifications to be recipients of the American Farmer Degree, the highest degree the FFA can give nationally.

But the rules of the FFA permit only 11 Pennsylvania youths to receive the American Farmer award. As a result the national FFA foundation decided to give a cash prize to the other 11 as a recognition of their achievement as members of the FFA.

Give Area Farmer Dges

While all 22 fully satisfied the requirement for American Farmer, a point score method was instituted to determine their standing. Herr, a graduate of New Oxford High School and son of Mr. and Mrs. Harold Herr, stood 12th in the state among the 22 who had passed the American Farmer qualifications.

Twenty-seven members of the FFA chapters of the two counties, 17 of them from Adams County units, received the Area Farmer degree at Tuesday's banquet.

Seven of those receiving the degree.

COUNTY GAINS \$25 FROM OLD GROUND RENT

Adams County became \$25 richer today because James Gettys set up a ground rent system to lure the county seat to Gettysburg 156 years ago when Hunterstown seemed to have the inside track on the location of Adams County's "capitol."

At that time Gettys set up a system whereby all the ground rents on the properties in Gettys' development were assigned to the county. Over the years the ground rents were forgotten — at least no one paid them and the county never tried to collect.

But the ground rent is still in the deeds to a few of the original properties around town. Most have been removed from deeds of more recent date through a system by which the county provides a quitclaim in exchange for a payment of \$25 and thus the person owning the property can secure a "clear" deed to his property.

County officials had believed all were "cleared" until a few years ago when an old property was sold. Today they received another check for \$25, for a quit claim on the Daisy E. Wierman property on the south side of York St., "lot No. 124 on the grand plan of Gettysburg," according to the deed.

The county commissioners also today accepted the resignation of Attorney Donald P. McPherson Jr. as county solicitor because of his appointment to the Interstate Commerce Commission. The commissioners appointed Attorney Charles W. Wolf as solicitor for the county beginning April 15, effective date of Senator McPherson's resignation.

PUC APPROVES NEW ELECTRIC RATE SCHEDULE

HARRISBURG (P)—A new rate schedule designed to cut \$923,000 annually from rates of the Metropolitan Edison Co., Reading, had Public Utility Commission approval today.

The lower rates result from the commission's rejection last month of a previous rate revision proposed by the firm. The new schedule will be effective on bills for the first full month of service after March 20.

The revised schedule represents a cut of about 1 1/2 per cent for all domestic customers except those in York County where elimination of a 25 per cent monthly differential means an approximate 2 1/2 per cent increase.

A PUC investigation found the firm's proposed rate changes and present rates excessive and ordered the cuts.

Adams County Affected

Under the revised schedule, a \$1 charge will be made for the first 14 kilowatt hours instead of the present 75 cents for the first 10 KWH.

Succeeding domestic blocks and the charges per KWH: next 16 KWH, 12 cents; next 30 KWH, 3.1 cents; next 40 KWH, 6 cents, all over 100 KWH, 2 cents.

The firm furnishes 231,000 customers in Adams, Berks, Bucks, Chester, Cumberland, Dauphin, Lancaster, Lebanon, Lehigh, Monroe, Montgomery, Northampton, Pike and York counties.

Members of the federation pointed out that, according to State Secretary of Agriculture William L. Henning, only about two-thirds of the poultry consumed in Pennsylvania is produced within the state. According to the state secretary, Pennsylvanians each year eat 100 million pounds of poultry brought in from outside the state.

The displays, according to reports at the meeting Tuesday, note that Pennsylvania poultry is "the best" obtainable, and urge increased use of native poultry.

Carl Dossin, Pennsylvania State University specialist, showed slides and described a new type of poultry housing in use in Lancaster County in which each bird of a flock of 6,000 hens is kept in an individual 8- by 16-inch cage. FIVE PRISONERS ESCAPE FROM YORK CO. JAIL

YORK, Pa. (AP)—A police man-hunt was intensified today for five prisoners who escaped from the York County Jail after overpowering an unarmed 72-year-old guard.

State police believed the men headed south, toward Baltimore, in a sedan they said was stolen from a lot several blocks from the downtown prison.

Immediately after yesterday's escape, state police fanned out over the countryside and sealed off all highways with roadblocks. An 11-state alarm was sent out.

Threatened Guard
Warden J. Clyde Sweeney said the men forced guard Simpson Mummant to hand over the jail keys after they had threatened him with a knife, wielded by one of the prisoners. Mummant was unarmed.

The men left the prison by the front door shortly after noon and ran several blocks through the industrial section of the city to where the car, a 1954 red sedan, was reported stolen.

Sweeney identified the escapees as:

Robert Stelene, 21, York, three charges of burglary; Raymond E. Heiser, 20, York, six charges of burglary, and assault and battery; Donald Johnson, 51, Cleveland, Ohio, check and forgery counts; Charles Mowry, 27, Portsmouth, Ohio, auto theft and burglary charges; Oscar Lewis, 30, Baltimore, vagrancy and auto theft.

Sweeney said Mummant was alone in the guard office when the men entered en route to the dining hall. After threatening the guard they took the keys and fled, he reported.

Two other guards were in the dining hall at the time of the escape, the warden added. Prison regulations forbid guards to carry arms.

GRACE KELLY WANTS U. S. VOTE

By CYNTHIA LOWRY

ABOARD SS CONSTITUTION
The future Princess Grace de Monaco held probably her last news conference for a long time today. In high good humor she discussed everything from lucky roulette numbers to her poodle's birthday.

On the subject of her program from her arrival in Monaco tomorrow through the wedding, however, Grace Kelly referred all questions to the Prince Rainier III. The film star, only 20 hours away from a reunion with her fiancé, was calm and poised. She smilingly conceded that she, other numbers of the wedding party and the press are anxious to leave the ship, but "Let's say for different reasons."

The last month of preparing for the wedding, she admitted, "has been a long one."

Asked her philosophy about gambling, she replied "Philosophically I have no objection to it. My only objection is how people go about it. You shouldn't gamble if you can't afford to lose."

She said she had gambled at Cannes and Las Vegas and her own feeling was that one should be instinctive about it.

"I first played at Cannes and put a chip on No. 6," she said. "It came up and I won 35 to 1." She said that in the future she, like all Monacans, would be barred from the Monte Carlo Casino.

Miss Kelly said also she hopes to be able to keep her voting residence in New York—and to vote in the next election.

Three nominees were chosen for the impending vacancy on the Frederick County Board of Education and lengthy discussion held on another possible resignation expected in the near future, at the nominating convention held Saturday afternoon in the North Frederick Elementary School.

Sixty-one delegates represented 33 city and county organizations at the convention sponsored by the Frederick County Citizens Council for Public Schools.

The three candidates chosen by the popular vote convention, whose names will be submitted to the governor are J. William Brosius Jr., Mrs. Mildred R. (Edward D.) Storm and Robert L. Weintraub. They were elected in order listed although the names will be submitted to Gov-

due to the evangelism mission. At the conclusion of the business, refreshments were served by W. E. Stiles, Gary Strevig and Luther Spangler.

ernor McKeldin in no preference order.

Other Candidates

One delegate expressed doubt as to consideration by McKeldin of the names submitted. As he expressed it "You are messing in politics." It was pointed out the names will be submitted to the Governor and not through the customary channels of the Republican Central committee.

In addition to those being nominated other candidates were Henry J. Brown Jr., sponsored by the Lincoln Parent-Teachers Association and the Frontiers of America; Mrs. Helen (Theodore F.) Buhrman, Wolfville Elementary School P.T.A.; Dr. Joseph W. Houser, Emmitsburg Lions Clubs; Mrs. Ruth Richards, Emmitsburg Grange; Mrs. Isabel Welch (Mrs. Lawrence A.), Council of Jewish Women.

Henry J. Brown the only Negro candidate, was not eliminated from the nominees until the last ballot. In the voting by elimination names eligible for the second balloting were Brown, Mrs. Storm, Strathern and Dr. Weintraub. For the third selection the names of Brown and Weintraub were eligible.

TWENTY-FIVE YEARS AGO

Fall Must Serve Year: Washington, April 6, 1931—A sentence of one year in jail and \$100,000 fine against Albert B. Fall, former U.S. Secretary of the Interior, was affirmed today by the District of Columbia court of appeals.

Fall was convicted of accepting a bribe from Harry Sinclair for a lease granted to the California oil man to naval oil reserves while Fall was secretary of the interior.

Mild Winter As Far As Snow Goes: Recorded Here: Only 12 inches of snow fell during the winter of 1930-31 according to records maintained by Dr. Henry Stewart at his home on Baltimore street. This is the lightest snowfall on record for the past 28 years, the nearest approach being 1918-19 when 13.7 inches fell in Adams County.

The heaviest snowfall for any winter on record was in the years 1917-18 when 62.8 inches fell in this section. Other heavy years since 1903 have been 1906-07 when 53 inches fell; 1907-08 when 52.4 inches fell; 1910-11 when 55.2 inches fell and 1923-24 when 50 inches fell.

New Boy Scout Troop Groups Will Meet At College Tuesday: For the purpose of setting up an organization for the Gettysburg Boy Scout Council a meeting of members of the district committee headed by Dean W. E. Tilberg of Gettysburg college and the various troop committees already chosen will be held at the Gettysburg College Y.M.C.A. next Tuesday evening.

Gettysburg's latest Boy Scout program, sponsored by the revived Chamber of Commerce, is being worked out through seven local churches, each of which will have a troop of scouts.

Capt. Morris Transferred To Army School: Captain William S. Morris, for five years commandant of the Gettysburg college R.O.T.C. unit, has been relieved of his command here and ordered to report as a student at the command and general staff school U.S. Army, Fort Leavenworth, Kansas.

Television Is Nearing Movies In Clearness Of Its Images: Chicago, April 11 (AP)—Television is approaching the motion picture in clearness of images it can reproduce.

A small group of spectators in the back room of a machine shop on the far West Side looked Friday night at black and white pictures of nearby persons reproduced at the other end of the same room. The images on the receiving screen were two feet high.

These "close-ups" were nearly as clear as movie films. Their producer, Ulysses A. Sanabria said he believed they were the largest and clearest black and white effects yet shown through television to the public.

Sanabria tinted faces and objects placed before the close-up lens. "Colors in television are still in an embryonic stage," Sanabria said, "so is much of our work in sound effects. Many owners of radios fear their sets will be rendered obsolete by the immediate introduction of television. That is not true. Television will supplement the radio."

Large Group Sees Comedy: A capacity audience greeted the Peter Pan Players of Biglerville high school in their final presentation of the year Thursday evening in the Biglerville auditorium.

Booth Tarkington's successful four-act comedy "Clarence" was capably presented by the Biglerville cast with Miss Anne Miller and George Dick starring. Miss Jessica Weaver, English instructor at Biglerville, staged and directed the comedy.

The souvenir program was dedicated to the senior members of the Peter Pan club who made their final appearance for their high school: George Dick, Violet Gundesberger, Stanton Thomas, Stanley Guise, Margaret Bushey, Wayne Arnold and Mildred Shue.

Today's Talk

SAN JUAN, PUERTO RICO

S. S. Homeric En Route

As is well known Puerto Rico is owned by the United States, though under local government. It is one of the most thriving of all the Caribbean islands. American enterprise and "push" recasting the island. Millions are being spent, modernizing and improving the city of San Juan. It looks prosperous, and it is.

From the beautiful Caribe-Hilton Hotel you view the seashore that reminded me of Waikiki in Hawaii. In the distance may be seen El Morro, the ancient fortress. There is no "front entrance" to the hotel. You just enter it by paths and interesting roads. Many are the homes and apartment buildings that suggest great growth for this city. It was here that Ponce de Leon lived and became the first Governor. We visited the Cathedral where his tomb is located.

Here again the many coconut plantations reminded me of Hawaii. We visited the studio of Angel Botello, famous Spanish artist, and were thrilled by his beautiful paintings of peasants in frames that the artist created, themselves a work of art. This has been called "the most European of the Caribbean countries." Cockfighting is a national pastime, as well as in many other Caribbean islands. Baseball is almost as popular here as in the United States. The beautiful beaches attract many, and they are none too crowded.

There are plenty of Cadillac cars in San Juan, as well as many other American cars, and they do a thriving business as evidenced by the traffic and modern agencies of many cars. A day is all too short for a visit here, but your appetite for more may be later appeased. Here also are to be viewed coffee plantations high in the mountains. English is spoken over most of the island though Spanish is the mother tongue. Great prosperity is predicted for San Juan.

Tomorrow Mr. Adams will talk on the subject: "Port Of Spain, Trinidad"

Just Folks

DEFIANT

I thought her father would rejoice again at home to hear her voice. And I am sure he did, since he smiled, ear to ear, her face to see. But now that four-year-old is back. Of peace and quiet there is a lack.

A most defiant child is she; knows right and wrong and what should be; what book she argues should be read. Before she goes upstairs to bed, and has opinions to declare. When going out what she should wear.

When start such arguments like that I promptly get my coat and hat. And bid them all a fond goodbye. Since lover of the peace am I. I never say what she should wear. New hat or old, I do not care.

That blonde of four swift by-gone years. Argues with words as well as tears. She'll stand and meet you face to face. And promptly put you in your place. Just cross her once, and on the spot. She'll straightaway tell you what is what.

Sales Tax Loophole Brings New Turmoil In Legislature

HARRISBURG (AP)—Discovery of a costly loophole in proposed amendments to the 3 per cent sales tax law created a new turmoil in the Legislature Tuesday. Both Democrats and Republicans reacted against the revisions that would—as now written—exempt manufacturers from paying the tax on anything they buy.

"Our intent is to exempt items used directly in the manufacture of something—not everything the manufacturer buys," said House Democratic Leader Reading.

Costs State Millions
Reading said that the loophole would cost the state "millions of dollars" in sales tax revenues unless the amendments are rewritten.

House Republican Leader Smith criticized Gov. Leader and Atty. Gen. Cohen for "playing politics," adding:

"There are some individuals high in government who are trying to make this tax chaotic." In the Senate, Sen. Yosko (D-Northampton) called Smith "stubborn" for refusing to go along with suggestions that the stamp plan for collection of the sales tax be knocked out of the law.

"Any member of the Senate, after the facts are given, who votes for this bill, is voting for chaos, confusion, inefficiency and waste of the penny-payers' money here in Pennsylvania," said Yosko.

The Leader administration objected to the current draft of the sales tax amendments. The House and Senate leadership sent the measure to a conference committee Monday night.

The action postponed a final vote on the amendments for at least a week.

Meanwhile, the Senate on Monday completed final legislative action for this session on a proposed constitutional amendment to authorize borrowing 150 million dollars to pay a Korean War bonus.

The upper branch unanimously went along with House changes to require future Legislatures to provide sufficient revenue measures to pay for the bonus if it finally should be adopted.

One of the changes also would provide for expiration of any specific tax earmarked for the bonus when the 150 million dollar bond issue is paid off.

Must Approve Amendments
Before it becomes law, the constitutional amendment must be approved again by the 1957 Legislature and then by a vote of the people.

In the House, Chairman McCann (D-Greene) said the Education Committee would meet May 1 to discuss a teacher pay plan.

Gov. Leader has ruled out an extra \$200 bonus in the current school year but said he has no objections to giving teachers such a boost after July 1.

A compromise proposal to double the salaries of legislators to \$6,000 for a two-year session was tabled until after the April 24 primary election.

Defer Pay Increase Until After Primary

HARRISBURG (AP)—The General Assembly put off Tuesday, apparently until after the primary, a final vote on a plan to double salaries of legislators and boost the pay of the governor, cabinet members and other state officials.

A House-Senate conference committee has agreed on revised terms of the plan placing it in position for a final vote. However, Rep. Bower (R-Northumberland), a member of the conference committee, said he felt the question won't come to a vote until after the April 24 primary election. Many legislators, especially in the House are running for re-election.

Although Sen. Dent (D-Westmoreland) said he expected a House-Senate conference committee to submit its report this week it appeared that the committee had revised its timetable.

Approves Release Of Freight Agent

HARRISBURG (AP)—The Pennsylvania Railroad today has Public Utility Commission approval for the second time to drop its freight agent at the Toughkenamon station in Chester County.

The PUC reaffirmed its 1955 order on Monday and at the same time denied a Railway Express application to end its agency business at the station.

Although the PUC ruled last year that PRR could drop the freight agent, it delayed the action at the request of a group of area mushroom growers who said bad weather kept them from explaining their opposition at an initial hearing.

"Only when we have created a military career service which can compete with the attractive opportunities available in civilian pursuits will we be able to stop the wasteful losses from our armed forces and attract individuals to those services," Eisenhower said in identical letters to Vice President Nixon and House Speaker Rayburn.

From his vacation headquarters here, the President also sent along to Congress a letter to him from Secretary of Defense Wilson which said:

"The loss of trained personnel continued to be the most extraordinarily expensive and disruptive obstacle to the strengthening of our armed forces today."

"This continuous replacement training process is not only extremely expensive, but it retards the combat effectiveness of our operational units."

Standard Time To Govern Licensees

HARRISBURG (AP)—The Liquor Control Board ruled Tuesday that licensed establishments in Pennsylvania must observe Eastern Standard Time for the first time this summer during operation of Daylight Saving Time.

Daylight Saving Time goes into effect in most communities of the state on Sunday, April 29. The state government continues to observe Standard Time officially but work hours are set an hour ahead during operation of Daylight Time.

Previously, licensed liquor establishments were permitted to conform to local time, either Standard or Daylight time, during the summer months.

The new regulation will have the effect of granting establishments an extra hour operation at night in localities where Daylight Saving Time is used.

Dedicate Resica Falls Camp Sunday

STROUDSBURG, Pa. (AP)—The Resica Falls Scout Reservation, one of the nation's largest Boy Scout camps, will be dedicated Sunday.

The 4,100-acre tract, about 12 miles northeast of this Pocono Mountain town, will accommodate 1,500 boys at a time when its six separate camps are completed. Scout officials said.

The camp is sponsored by the Philadelphia and Valley Forge councils which are conducting a drive for over three million dollars to finance the project.

Chief Says Beards Are Fire Hazards

ALBUQUERQUE, N. M. (AP)—So far, Albuquerque firemen aren't joining other local males in raising beards for the city's 250th anniversary celebration this summer. Asst. Fire Chief Simon Seligman says his men consider the chin foliage fire hazards.

HARRISBURG (AP)—Adlai Stevenson, candidate for the Democratic nomination for President, will meet with Pennsylvania's five Democratic candidates for statewide office next week in a series of "get acquainted meetings."

Sen. Barr, Democratic state chairman, said the sessions will be held April 18 at Pittsburgh; April 19 at Harrisburg and later the same day at Philadelphia.

AT LEAST 140 ARE KILLED IN ARAB AMBUSH

ALGIERS, Algeria (AP)—A battle touched off by an Arab rebel ambush of two truckloads of young French conscripts cost the lives of at least 140 men, French authorities reported Tuesday.

Delayed reports from east-central Algeria said the rebels caught the conscripts 2½ miles from their post at Djelf Thursday morning. The initial outburst of gunfire in the arid mountainous region sounded the alarm and the Djelf headquarters rushed reinforcements by helicopter. The fight lasted for three hours before the French troops broke out of the ambush.

Authorities reported 20 French soldiers killed and 30 wounded. They said French troops found the bodies of 60 rebels and estimated that the Moslems carried off another 60 dead when they faded into the desert hills.

Five helicopters were reported damaged. A sixth overturned on landing.

Other Casualties

The French pressed their campaign against rebel bands in widespread sections of the North African territory.

They reported 28 rebels killed in the Constantine and Bone regions and 14 rebels killed in the Oran area of western Algeria. The mop-up around Oran was carried out after the murders of a Catholic priest and a French prospector.

Two hundred rebel suspects were arrested at Khemis in the Oran area. In Paris, Premier Guy Mollet announced his support of Algeria Resident Minister Robert Lacoste's call for 200,000 more French troops.

The request will be discussed at

\$500,000 Fire Loss At High School

LARCHMONT, Pa. (AP)—School board officials estimate fire damage to the Marple-Newtown High School at half a million dollars.

The flames which wrecked the Delaware County building on Monday resulted in injury to one pupil and eight firemen but 600 other pupils fled out in an orderly manner without incident.

The pupil who was injured was Eric McGillicuddy, 16-year-old great-grandson of the late Connie Mack of baseball fame. He suffered an arm injury while trying to remove records and furniture from the building. The firemen were overcome by dense fumes from the blaze which firemen said began in a basement boiler room.

School officials said there was a total of \$485,000 insurance on the building. Classes have been postponed for the remainder of the week as classroom accommodations are sought for the students.

SAILOR'S LEG BROKEN

BOWIE, Md. (AP)—A small fracture of the left foreleg, apparently suffered while winning the \$100,000-added John B. Campbell Memorial Handicap here last Saturday, will keep Brookmeade Stables' sailor out of action for six months.

Cabinet meeting today.

France already has more than 200,000 soldiers in Algeria. Lacoste is pushing twin military and political campaigns to quell the 16-month rebellion and institute reforms. The rebellion has cost the lives of 5,724 French and Moslems by official estimate and more than twice that toll by unofficial count.

Bullets Bow To State 6-1; Capitani Crashes Homerun; Terriors Here Thursday At 3

Penn State University handed the Gettysburg College baseball team its second straight setback at University Park Tuesday afternoon 6-1 as Frank Capitani's 340-foot homerun in the fourth inning saved the Bullets from another shutout. They previously were blanked by Syracuse 7-0.

Coach "Hen" Bream's Bullets face two home contests the remainder of the week. Western Maryland, 6-0 winners over Catholic University Tuesday plays here Thursday afternoon at 3 o'clock while Muhlenberg (1-2) will be here Saturday afternoon.

Johnny Schleicher, Bullet starting hurler, was reached for two runs by Penn State in the third inning. John McMullin doubled and scored on a single by Gary Miller. The next two batters went out but Guy Tirabassi singled to score Miller.

Bullets Load Bases
After Capitani's homer in the fifth but failed to score. Bob Swenk was safe on an error and Al Teti walked. Jack Bream fanned. Schleicher singled through third base to jam the sacks. Sonny Scolia hit into a force play, Swenk being out at home. The threat expired when Art Hendley grounded out.

A double by Lockerman and singles by Baldy and Larimer gave State two more runs in the sixth. The Lions picked up another run in the seventh on a walk, stolen base and Lockerman's second double. The final run resulted on an error, walk and single by Schneider in the eighth.

Gettysburg made its final bid in the ninth. King VanNest singled as a pinchhitter but was forced by Leroy Bream. Bob Dickson doubled to deep center. After Scolia whiffed, Hendley walked to fill the bases. Ken Polak struck out to end the game.

LANDY MAY BREAK 4-MIN. MILE IN U. S.

MELBOURNE, Australia (AP) — John Landy, the fastest miler of all time, hinted today he might break the 4-minute barrier when he visits the United States for two races next month.

The Australian school teacher, who has gone under 4 minutes in four of his last five races, will run in Los Angeles May 5 and in the West Coast Relays in Fresno May 12. His world mark is 3:58.

"If conditions are right, I might even run faster than last Saturday," he said. He was caught in 3:58.6 in that one and complained later that he felt "sluggish."

"But it's just a gamble," he added. "I don't really would love to break the 4-minute mile in the United States, though."

Never On American Soil
The under-4-minute mile has been run nine times since Roger Bannister of Great Britain finally broke the barrier two years ago. It never has been done on American soil. Wes Santee's 4:00.5 is the closest in the United States.

"I haven't been training particularly hard," Landy continued. "But now I'll do some preparation for these meetings."

He said he had no idea who would run against him in Los Angeles — which will be a special mile in a dual meet between Southern California and UCLA — and Fresno.

There will be no more competitive appearances for him between his American races and the Olympics, the 25-year-old Landy indicated.

FAIRFIELD HIGH WINS 2ND TILT

Fairfield High School's baseball team scored nine runs in the first inning and went on from there to hang up an easy 12-2 victory over Emmitsburg at Fairfield Tuesday afternoon.

The victory was the second in as many starts for Fairfield, both at the expense of Emmitsburg. John Morry and Eddie Dick, Fairfield hurlers, gave their opponents five scattered hits.

Eddie Spence collected three hits for the winners, including a double, and Gary Dolly rapped a triple.

On Friday Fairfield takes on strong Kennard-Dale at Stewartstown.

Calder Cup Play Resumes Tonight

CLEVELAND (AP) — The Providence Reds and one of their favorite American Hockey League palsies, the Cleveland Barons, tonight will renew the Calder Cup battles.

The Reds own a 10-4 record over Cleveland, including two decisive triumphs in the first pair of games in the final Calder Cup series. Providence would like to make it four straight and a clean sweep with victories tonight and Friday.

ORIOLES HOST DODGERS

On Thursday evening the World Champion Brooklyn Dodgers, starting Roy Campanella, Duke Snyder, Jackie Robinson and Pee Wee Reese will meet the Baltimore Orioles at 8 p.m. in Memorial Stadium. Excellent tickets for this big baseball event are still available.

Babe Zaharias Is Feeling Better Today

GALVESTON, Tex. (AP) — Woman golf great Babe Zaharias felt much better today and said she was back in fighting form and ready to wage her biggest battle—against cancer.

An attack of pleurisy had responded to treatment and she said she didn't have as much pain as when she returned to the hospital two weeks ago.

At the same time that the pleurisy condition—cropped up doctors found the cancer had shown a "slight extension."

"This is a new kind of fight for me, different from any other I've ever had in my life," she said. "Everybody has to get in the same fight."

LOPEZ EXPECTS FELLER WILL BE HELP IN SPOTS

LOUISVILLE, Ky. (AP) — What will the Cleveland Indians find for old Bob Feller to do this year, the 20th anniversary of his joining the Tribe?

"Bob has been a good pitcher this spring, and I want him on the ball club," said manager Al Lopez. "I think he will help us in certain spots."

Six weeks ago, before spring training started, Lopez had said of the 37-year-old once Rapid Robert:

"Well, Bob will have to make the team."

Second To Score Now
On a club heavy with pitching talent, this sounded like a stiff order for the fading fireballer, a notoriously slow starter.

But Feller was equal to the challenge. He has allowed five earned runs in 17 exhibition innings and stacks up second only to Herb Score in this respect.

"I was concerned about him, just as I would be concerned about anybody his age," Lopez said. "But he has worked hard and he has pitched good ball and I think he will do the job."

4-4 Record Last Year

Lopez' talk of "certain spots" for Feller indicates he probably will use Bob as he has in the last two seasons. That means mostly day games, more appearances at home than away, and in double headers.

Feller pitched only 83 innings last season and 140 in 1954. In 1946, when he set the major league strikeout record of 348, he hurled 371 innings.

Last year Bob had a 4-4 record, against 13-3 the year before. Three of his victories were at home and two were against New York and Boston.

The Bullets, 1-2, meet Western Maryland here Friday.

Rejects Private Hospital Application

HARRISBURG (AP) — Sen. Haluska says the Welfare Department has rejected an application for a private hospital in conjunction with the Hoxsey Cancer Clinic at Portage, but added he, himself, will apply for a similar license this month.

The Cambria County Democrat said yesterday that the Welfare Department turned down a license application of Dr. Newton C. Allen, proprietor and operator of the Portage clinic.

"Actually all Dr. Allen wanted to do was set up a hospital so he could administer blood transfusions and other hospital care to patients waiting the Hoxsey treatment at Portage," Haluska, a director of the clinic, said.

He added the clinic will be activated as a corporate body by April 18 and he will apply for his application at that time.

Secretary of Welfare Harry Shapiro was not immediately available for comment.

RED SOX ROMP OVER PHILS 21-1 WITH 24 HITS

By ED WILKS

The Associated Press
You've got to figure Pinky Higgins as the world's No. 1 pessimist if the skipper of the Boston Red Sox didn't eat his breakfast with a smile this morning.

Who's going to frown when his athletes pound major league pitching for 24 hits—five of them homers—and 21 runs, even in an exhibition game? How's any manager going to hold back a grin when the two big question marks on his pitching staff look just fine?

The Red Sox did all of that yesterday in a frolicking, three-outdown romp over the Philadelphia Phillies. The final count was 21-1.

Rogovin Victim

Saul Rogovin, an American League castoff, was the victim. He lasted just 2 1/3 innings, giving up 15 hits—including solo homers by Jim Piersall and Jackie Jensen and Ted Williams' three-run poke. The Red Sox scored seven in the second and eight in the third.

The best news for Higgins, however, was the continued "comeback" of Mel Parnell and Frank Baumann. They represent Boston's southpaw strength on the mound. Parnell, a sad case since 1954, walked four and gave three hits but wasn't in any danger for his five innings. His only lapse was a home run ball to Del Ennis.

A sound Parnell would be money in the bank for the Red Sox. Mel, who will be 34 in June, won 21 for Boston in 1953 and shut out the New York Yankees four times. But he suffered a broken wrist in April 1954, and hasn't been the same since.

Rain Hits Schedule
Baumann, the bonus rookie who hurt his throwing arm in the service, was still a bit wild—walking two and hitting a batter, but fanned two in his one-hit, four-inning chore.

Rain again cut the exhibition schedule—cancelling the Baltimore-Chicago Cubs, St. Louis-Chicago White Sox and Brooklyn-Milwaukee games.

Elston Howard homered and tripled as the New York Yankees swung for 15 hits and defeated Dallas of the Texas League 6-3. Whitey Ford went six innings for the Yanks and was tagged for seven hits and all the runs.

Mantle Starts

Mickey Mantle made his first starting appearance since re-injuring a ham-string muscle March 28 and got a single in three trips. Manager Casey Stengel says Mick will open the season in center field.

Pinch hits by a pair of second-line, left-handed hitting catchers won the only other games played. Joe Ginsberg delivered a two-run homer for Kansas City in the ninth off Red Munger to give the A's a 4-2 decision over Pittsburgh. Lou Berberet came through with a two-run single in the ninth to bring Washington from behind in a 9-8 victory over the Cincinnati Redlegs.

Cleveland and the New York Giants were not scheduled. Milwaukee flag hopes dipped with the announcement that Gene Conley, the big "H" for the Braves, won't be ready to pitch for "four or six" weeks. The 6-9 right-hander, nursing an inflamed shoulder tendon, was packed off for a two-week workout with Milwaukee's Jacksonville, Fla., farm.

MSM Tennis Team Bows To Loyola

Mt. St. Mary's lost its second tennis match of the campaign Tuesday afternoon at Emmitsburg to Loyola of Baltimore 8-1. Awarta registered the only triumph for the Mount by defeating Schard 10-8, 6-3.

On Friday the Mountaineers play at Towson.

Singles

Howley, Loyola, defeated Planigan, 6-0, 8-6.
Dickson, Loyola, defeated Wasser, 6-1, 6-4.
Awarta, Mount St. Mary's, defeated Schard, 10-8, 6-3.
O'Connor, Loyola, defeated Kelly, 6-3, 6-2.
Mohler, Loyola, defeated McNeil, 6-0, 6-1.
Cummings, Loyola, defeated Dunn, 6-1, 6-0.

Doubles

Howley and Dickson, Loyola, defeated Awarta and Planigan, 6-1, 6-1.
O'Connor and Mohler, Loyola, defeated Kelly and Wasser, 6-4, 6-2.
Cummings and Schard, Loyola, defeated Mullen and Eagan, 6-1, 6-4.

NEW YORK (AP) — Pennsylvania all-scholastic stars Horace Walker, of Chester High School, and Walt Mangham, of New Castle High School were named yesterday to the first All-American high school basketball squad selected by Scholastic Magazines, national education weeklies.

In all, 30 players from 24 states were named to the squad.

Stake Race Listed At Laurel April 21

LAUREL, Md., April 10 — Either Calumet Farm's Eastgate or Cherokee Chief is headed for Laurel's \$20,000 added Chesapeake stakes on April 21. Trainer H. A. (Jimmy) Jones relayed word to Laurel officials today that he will have a starter in the mile and a sixteenth Chesapeake on the first Saturday of the April 18-May 7 meet.

Eastgate is a triple crown candidate who galloped to his first stakes victory in the Spalding Lowe Jenkins at Laurel last fall. Jones stated after the race that the Bull Lea-Radley colt was fond of Laurel's cushiony racing surface and that he would "be back for future Laurel stakes."

Calumet also nominated its Cherokee Chief, another triple crown nominee, to the Chesapeake which it won in 1948 with Citation, en route to his triple crown honors.

MONTREAL WINS STANLEY CUP FROM DETROIT

MONTREAL (AP) — Montreal Canadiens' fearsome weapon, the explosive power play, broke loose in all its fury over a stretch of less than one minute last night and the prized Stanley Cup was whisked from the hands of the Detroit Red Wings.

Two big goals in the second period and another early in the third before the Red Wings could score gave the Canadiens a 3-1 victory and the National Hockey League final playoff series, 4 games to one.

It was fitting that all the scoring for the NHL champs was done by the Canadiens' big three—Jean Beliveau, Maurice (Rocket) Richard and Bernie (Boom Boom) Geoffrion. Alex Delvecchio, the Red Wings' playoff opportunist, scored the single Detroit goal.

It was a spectacular game before 14,152 screaming fans — a game of driving, wide open play and a brilliant performance by goalie Jacques Plante of Canadiens who was forced into an almost superhuman effort in shadowing Glenn Hall, Detroit's rookie net-minder.

When the final siren signalled Canadiens' first Stanley Cup victory since 1953, the jubilant Canadiens slapped and hugged each other and the Red Wings to a man joined in congratulating and shaking hands with the new champions.

WIND, RAIN AND SNOW AND SOME GOOD WEATHER

By THE ASSOCIATED PRESS
Wind and rain storms struck southeastern states and rain and snow fell in far western areas but generally fair weather prevailed in most other parts of the country today.

Tornado winds hit areas along the southeast coast of Florida yesterday. Twisters struck at West Hollywood and nearby Dania, north of Miami, injuring several persons. A tornado smashed windows in the big Jai-alai fronton. It also struck a nearly empty drive-in theater in Dania.

Moderate to heavy rain drenched sections of Florida, Georgia and South Carolina with falls measuring from 1 to 2 inches. Miami reported nearly 3 inches of rain in 24 hours, with more than 2 inches in a 45-minute period.

Winds Whip Dust

Light to moderate rains were reported in the middle Mississippi and parts of the Ohio Valley. In the far West, light rain spread into the Pacific coastal states of Oregon and California, with snow reported at the higher elevations.

Winds of 40 to 50 m.p.h. whipped up dust in the southwest desert region. Skies cleared over the upper Great Lakes region and temperatures dropped into the 20s. Readings were around seasonal levels elsewhere.

Sport Shorts

TULSA, Okla. (AP) — Manager Bob Bragan of the Pittsburgh Pirates was considering shaking up his lineup today in an effort to get more batting strength—something that has worried him since the start of spring training.

As the Pirates prepared to resume their series with the Kansas City Athletics, Bragan seemed pleased with his defense and his pitching. Yesterday at Oklahoma City the Pirates got good hurling but suffered their second consecutive defeat as they could score only two runs on eight hits and lost 4-2.

GREENVILLE, S. C. (AP) — Stan Lopata is the Philadelphia Phillies regular first baseman, as of now, and there is no thought of returning him to his normal catcher's position, says Manager Mayo Smith.

Smith said, however, that Merv Baylock can be expected to see a lot of first base action for defensive purposes.

Andy Seminick will handle the regular catcher's job and he will be backed up by Joe Lonetti.

RUTH'S HOMER RECORD READY TO BE BROKEN

By FRANK ECK

AP Sports Editor
TAMPA, Fla. (AP) — Baseball's most celebrated record — the 60 home runs Babe Ruth hit for the 1927 New York Yankees — is about to be broken.

And who is going to do it? "Why one of three men," says Manager Birdie Tebbetts of the Cincinnati Redlegs. "There's our first baseman Ted Kluszewski, Willie Mays of the Giants and Ed Mathews of the Milwaukee Braves."

"There is no question in my mind that the record is about to be broken. There are too many fellows with the potential. These three fellows all will have a better chance this year."

Need Support Hitter
"I think the guy who will break the record must have a good hitter back of him. It means the pitchers must pitch to that big slugger batting in the third spot. I think Kluszewski, who hit 49 home runs in 1954 and 47 last year, has the best chance. With Wally Pate hitting back of him the National League pitchers will pitch more to Klu."

He hit 40 home runs and batted 309. Kluszewski and Post form the best one-two punch in both leagues. "Mathews has a good chance at Ruth's record because he hits ahead of Hank Aaron who seems to be getting better. If the Giants come up with a solid hitter behind Mays, watch out. Willie hit 51 last year and has ideas."

"Duke Snyder, with Roy Campanella following him in the Brooklyn lineup, has a good chance to hit 60."

"Then there's Ernie Banks of Chicago. He hit 44 last year and he's only 25 and figures to get better. But the Cubs don't have a big stick to follow him."

Better Pitching
"Only condition will operate against these men. Some of the parks are shorter than in Babe's day, but today we play day and night ball and the hitters are facing better day-after-day pitching."

The year Ruth hit 60, Gehrig at 24, batted 373; Lou and Babe formed the greatest one-two punch baseball has ever known.

"There's no doubt that Gehrig's presence behind Ruth helped the Babe's mark," says Tebbetts. "When Jimmie Fox hit 58 in 1932 for the Philadelphia Athletics he had Al Simmons back of him. Simmons hit .322 for his ninth straight time above .300. And when Hank Greenberg hit 58 for Detroit in 1938 he had slugger Rudy York following him."

Saw Great Hitters

Tebbetts, who caught 1,162 games in the majors, never was noted for hitting homers. But as a catcher he observed the great hitters. He's played with Williams in Boston and Greenberg in Detroit.

SPUR CLASH ON NEW GOP CIVIL RIGHTS PROGRAM

WASHINGTON (AP)—Southern Democrats signalled a Senate fight Tuesday against a new Eisenhower administration civil rights program whose handling also brought objections from some backers of such bills.

"It looks as though they are putting it strictly into politics," complained Rep. Barratt O'Hara (D-Ill.), who contended the Justice Department had broken repeated pledges to talk over the program with interested House members before presenting it.

O'Hara is a member of an official bipartisan steering committee for civil rights legislation. This group claims to act for 40 to 50 House members of both parties.

Will Oppose Plan
Sen. Hill (D-Ala.) said Atty. Gen. Brownell's recommendations add up to "a political program proposed in an election year."

"The program deals with problems that can be solved only by the states and local communities," Hill added, "I shall oppose it vigorously."

One surprise in the program Brownell sent to the Capitol on Monday was for a law under which citizens who felt their civil rights had been infringed could bypass the states and go directly into a federal court. At present they must first exhaust all state remedies.

Urges Commission
As President Eisenhower had done earlier, Brownell urged that Congress create a bipartisan commission with subpoena powers to investigate individual civil rights grievances. He asked for establishment of a new civil rights division within the Justice Department, headed by an assistant attorney general.

He asked also for authority to initiate civil actions in alleged conspiracies to intimidate witnesses or to use Ku Klux Klan-type disguises to deprive citizens of their rights.

Rep. Scott (R-Pa.), co-chairman of the House Steering Committee on Civil Rights, joined with Reps. Keating (R-NY) and William L. Miller (R-NY) in sponsoring bills to carry out the recommendations. Keating said he thinks the proposals have a good chance, at least in the House.

Make "Grandstand Play"
Sen. Humphrey (D-Minn.) said Republicans were making a "grandstand play" about proposing new measures when he and others already have introduced such bills.

If the administration wants action, Humphrey said, it can get it "any time as many Republicans as Democrats will stand up and be counted in favor of action in the Senate Judiciary Committee." The committee is headed by Sen. Eastland (D-Miss.), long time foe of civil rights legislation. A subcommittee headed by Sen. Hennings (D-Mo.) already has prepared bills to set up a special civil rights division and to protect the rights of voters, as well as an anti-lynching measure.

Censorship Measure Delayed By Senate

HARRISBURG (AP)—Final action on a proposal aimed at reviving motion picture censorship in Pennsylvania was delayed by the Senate.

Sen. Pechan (R-Armstrong) told the Senate yesterday the bill now in position for a final vote might be rejected more speedily on constitutional grounds than present law.

The bulk of the present law has been ruled unconstitutional by the U.S. and state supreme courts. Senate Republican Leader Mahoney said a meeting on the subject in his office brought on immediate decision on how to proceed to retain movie censorship in the state.

Orrtanna

ORRTANNA — A travelogue illustrated by slides, entitled "Where Jesus Walked," was presented Sunday evening at the Mt. Carmel EUB church by George M. Neely, Jr., formerly of Fairfield, who recently returned from a trip to the Holy Land. Mrs. Neely operated the slide projector while Mr. Neely gave details of the scenes shown. Rev. Roger Burtner, pastor of the church conducted the devotions. A collection of \$28.85 taken up at the service was offered to Mr. and Mrs. Neely who asked that the amount be placed in the church's building fund.

The members of the Lower Marsh Creek Presbyterian Church held a congregational meeting at the Orrtanna Methodist Church last Wednesday. It was previously erroneously reported that the meeting was a Methodist gathering.

The Christian Endeavor Society of the Orrtanna EUB church will meet Thursday evening at the home of Mr. and Mrs. LeRoy Kint, with Joy Metz as leader.

The Young Married Couples Class of Mt. Carmel EUB Sunday School will meet Friday evening at the Rollins home. Ira K. Naugle is the teacher. The adult Class of Mt. Carmel EUB Sunday School meet Saturday evening at the Jefferson Hunting Lodge, Orrtanna. R. D. A covered dish supper will be held. William Howe is the class teacher.

Mr. and Mrs. R. M. King are reported recovering from illnesses. Mr. and Mrs. Robert Weaver and family, Hagerstown, spent Sunday with Mr. and Mrs. Raymond Pepple and son.

Mr. and Mrs. Mark Baum and H. B. Baum spent Sunday with Mr. and Mrs. Glenn Bowman, Chambersburg. R. 4. Mr. Bowman is a great-nephew of Mrs. Mark Baum. Paul Zimmerman and son, Randy, Chambersburg, spent Sunday with Mr. and Mrs. Weaver Zimmerman.

Senate Approves New Health Program

HARRISBURG (AP)—A revised school health program was in House hands today after receiving the bare 26 Senate votes necessary for passage. Thirteen votes were cast against the measure.

Voting crossed party lines yesterday as the Senate acted finally on the measure establishing comprehensive physical examinations for all children beginning school, in the sixth grade and in the 11th grade.

Dental examinations would come at the same intervals.

Pupils at present are given a physical examination every second year. **REDUCE FARM SCHOOL GRANT** HARRISBURG (AP)—The Senate has accepted a House reduction in an appropriation for maintenance and operation of the regional poultry diagnostic laboratory at the National Agricultural College Farm School at Doylestown. Sent to the governor, the measure includes an appropriation of \$5,000 instead of the original \$54,265. Sen. Watson (R-Bucks) is sponsor.

HARRISBURG (AP)—A Senate committee has advanced bipartisan legislation establishing a special state foundation for research on mental illness.

The administration-backed measure aims at coordinating all public and private research on mental health within the commonwealth. It was introduced in the Senate only a week ago.

Begin Study Course

A schedule has been arranged for the daily activities, and each day a class member is in charge of preparing the schedule.

On Tuesday, the girls had fifteen children ages three to five, in their classroom as a part of the observation in connection with their study. The children were present from 9:30 to 11:15 a.m. The schedule included finger plays, finger painting, games, songs, stories,

and a mid-morning snack. The project is in charge of Mrs. Joanne M. Breighner, home ec teacher. This is the first time that such a study has been conducted at the school.

Will there be a vaccine against cancer?
It may depend on you

The other day scientists vaccinated a horse with dead cancer cells from 56 human cancer patients. The horse developed antibodies against cancer. These antibodies then killed live human cancer cells in a test tube.

Will this vaccine stop cancer?
Only research will find out. And research takes money. Give to your Unit of the American Cancer Society, or mail your gift to CANCER, c/o your town's Postmaster.

PRINCE, GRACE TO HONEYMOON, ITALIAN WATERS

MONTE CARLO, Monaco (P) — Prince Rainier III and Grace Kelly will sail on their honeymoon cruise in Italian waters. They will visit the romantic island of Capri, Naples and Rome and perhaps go on to the Greek islands.

A highlight of the trip will be the stop in Rome April 24. A palace source said they would be housed in a villa on the Via Veneto, one of the show streets of the Eternal City. The Italian government and diplomatic corps will turn out for a gala reception.

The next day Rainier and Grace will visit Pope Pius XII. The Vatican will receive them with ceremonies reserved for heads of state.

Afterwards, escorted by the famous Swiss Guards, they will visit St. Peter's Basilica.

Rainier's yacht, the 138-foot Deo Juvante II, has been refurbished for the honeymoon cruise. The Prince and his bride will board it a few hours after their marriage April 19 in Monaco Cathedral.

To Get Harbor Salute
Grace arrives Thursday aboard the Constitution. The prince will take her and her party aboard his yacht a few hundred yards offshore and bring them into the flag-

Dr. Paul D. White To Treat General

SEOUL, Korea (P) — Dr. Paul Dudley White, heart specialist and medical advisor to President Eisenhower, arrived here Tuesday by special plane from Japan to treat an Army general who suffered a heart attack.

Maj. Gen. John W. Harmony, 55, chief of the U. S. Military Advisory Assistance group in Korea, had a heart attack while playing handball Monday afternoon. Doctors said his condition was "clinically excellent."

Dr. White, who is making a study of heart disease in Japan, was flown to Korea in a U. S. Air Force plane.

Gen. Harmony's wife lives at Mount Holly, N. J.

bordered small harbor of Monte Carlo. Yacht owners were requested to show American and Monaco flags and give one-minute whistle salutes.

Prince Rainier has settled his dispute with American television and newsreel men. After talks with representatives, he reversed an earlier decree barring them from the April 18 civil ceremony.

Rainier had feared the ceremony might be "vulgarized by the wrong kind of commercials."

The press center has issued more than 1,800 accreditation cards to reporters, photographers, TV, newsreel and radio commentators.

SENATOR CAST WRONG VOTE

HARRISBURG (P) — The House on Monday returned to the Senate for agreement on amendments to a bill to authorize state acceptance of Old Brown's Mill in Franklin County as an historical landmark.

The Senate approved proposal, sponsored by Sen. McPherson (R-Adams) won House approval by a 192-1 vote without debate. Rep. Haudenschild (R-Allegheny) cast the negative vote under a misapprehension another measure was being considered.

The bill would permit the Historical and Museum Commission to take over the Antrim Twp. landmark from the Old Brown's Mill School Memorial Assn.

However, before the transaction could be completed the association would have to place \$3,000 in the state treasury for the commission to use to repair and maintain the building. The commission would have the right to establish visiting rules and regulations.

The House amendments cut in half the amount of land to be included in the transaction.

Patricia Gabriel Tebbetts, youngest of three girls in the Birdie Tebbetts family, was named after Gabe Paul, vice president of the Cincinnati Redlegs. Birdie manages Cincinnati.

Czech Ex-President Gets New Treatment

VIENNA, Austria (P) — Like Joseph Stalin, the late President Klement Gottwald of Czechoslovakia has been accused of practicing the "cult of the individual" and weakening his country.

Radio Prague broadcast an attack on Gottwald by Antonin Novotny, first secretary of the Czech Communist party. Novotny told the party's central committee that the concept of "Gottwald thinks for us" had damaged collective leadership.

Gottwald died in Prague in March 1953 after returning from Stalin's funeral.

Missing Baby Girl Is Found In Woods

HUNTINGDON, Pa. (P) — A 4-year-old girl was found dazed and cold about three miles from her home Tuesday after spending the night lost in a heavily wooded area.

The girl, Deborah Henny, was taken to a hospital suffering from shock and cold.

A searching party, one of several organized to comb the mountains, came upon the girl lying on a pile of leaves.

"She was dazed and suffering from shock and cold," said Cpl. Andrew Royko of the state police.

Deborah, one of five children of Mr. and Mrs. Roy Henny, wandered away from her home early last night. She was last seen about 200 yards from her home, walking toward Cove Spring road near Juniata College.

\$800,000 FOR WILSON

WASHINGTON (P) — The Community Facilities Administration Tuesday approved an \$800,000 loan for Wilson College, Chambersburg, Pa.

The money will be used to build a dormitory for 214 women students and four faculty members.

GOT DOUGH AT PIMLICO

BALTIMORE, Md. — Largest daily double payoff in America in 1955 was at Pimlico Race Course on December 1 when Joymaker and Advice paid \$5,932.50 for \$2.

STALIN FRIEND IS DISMISSED

MOSCOW (P) — Trofim D. Lysenko, the Soviet biologist who won Stalin's favor with a theory of genetics stressing environment over heredity, has been removed as president of the All-Union Academy of Agricultural Sciences.

Lysenko contended that changes in plants and animals resulting from environment could then be transmitted hereditarily. Western geneticists generally contended his theory was false, but Stalin approved it as official dogma.

Lysenko's release was included in a shakeup of top Soviet agricultural posts. An official announcement said he had asked to quit his job and that P. P. Lobanov was named to succeed him. Lobanov has been deputy premier in charge of agriculture.

Vladimir V. Matskevich was

promoted to full cabinet rank to succeed Lobanov. Matskevich headed a Soviet farm delegation on a tour of the United States and Canada last summer. He was appointed minister of agriculture last October.

Lysenko's star has been waning since Stalin's death. Communist party chief Nikita Khrushchev attacked the biologist at a central committee meeting on farm problems in 1954. Subsequently the Soviet press criticized him for publishing what it described as "clearly falsified" results of his experiments.

ABOARD SS CONSTITUTION (P) — John B. Kelly said Tuesday he is not talking and has asked others in his daughter's 70-member wedding party to "firm up," too.

Kelly's silence was inspired by a reporter's writing yesterday of his heart-to-heart talk with the lovely Grace in which he — by his own account — advised her not to let herself be pushed around once she is Princess of Monaco, the wife of Rainier III.

NEW YORK (P) — The world's biggest department store opened for business Tuesday despite a strike by a union representing 6,000 of its sales employees.

Some 50 customers, mostly women, braved boos and catcalls from 2,500 pickets to enter Macy's giant store on Herald Square in the heart of Manhattan.

Counters were manned by supervisory and executive personnel.

CLEAN WALLPAPER

A new nonrubbing wallpaper cleanser to remove grease and oil stains as well as finger marks is now available. It is applied directly to the wallpaper from a metal tube and is spread with knife or spatula to form a one-eighth inch thick layer over the stained area. After it is dry, the powder may

be removed with a soft cloth. Stubborn stains may require a second application.

SMOOTH LIPS

Chapped lips may be remedied easily if a lip pomade is applied before going to bed and before going outdoors.

ON LINCOLN SQUARE FOR 99 of Gettysburg's 150 years!

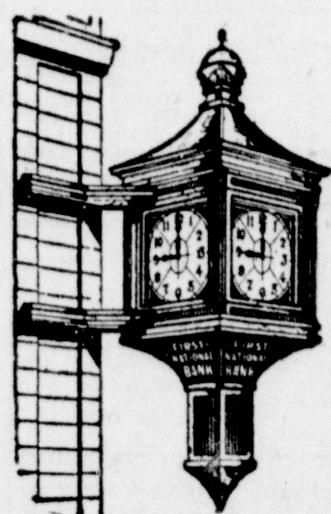

BANKING SERVICE COMPLETE IN ALL DEPARTMENTS . . .

Gettysburg's existence as a borough began on March 10th, 1806, and a history published in 1847 reveals that this community consisted of some "300 dwellings which were generally neat and substantial." The inhabitants were described as "industrious and enterprising."

Today The First National Bank of Gettysburg celebrates its 99th Birthday Anniversary as a banking institution that has contributed to and been an integral part of the busy and progressive history of this great town and her citizens.

Starting on the 11th day of April in 1857 as The Farmers and Mechanics Savings Institution on the same location it now occupies on Lincoln Square, this bank commenced rendering a complete banking service to Gettysburg and Adams County. Growth and progress have marked its pathway. When the Congress of the United States of America made National Charters available to banks, this bank was prompt to apply for and did receive a National Charter (Number 311) so that it became The First National Bank of Gettysburg. Many years have passed since The First National Bank of Gettysburg started rendering a complete banking service here. These years witnessed some of the most important periods in the history of this Country.

A courteous, a friendly and a constructive helpful banking service has built this bank to its present position among the banks of this Nation; and yet all of this growth and progress would not have been possible without your support, your faith, your confidence and your loyal patronage. As we pause here to thank you and as we cross the threshold of another year into our 100th year of service, we dedicate our facilities and our experience to you and pledge to you—the people of Gettysburg and Adams County — a banking service that will justify the privilege of serving your banking needs for many years to come.
